Suggestion Wins \$75 Cash Award

Milton E. Rindler of 5202 Scott St., civil engineering draftsman for the Los Angeles Dept. of Public Works, has received \$75 for a suggestion he submitted on how the department can improve service.

His suggestion was that a rubber stamp be used to apply numbers to maps ready for indexing in the bureau of engineering and thus save 50 man-days a year at \$25 a day, or a total yearly saving of \$1250 by eliminating hand applications.

Board of Public Works President C. Erwin Piper said that in six years the suggestion program has resulted in more than \$200,000 in annual and recurring savings to the city through payment of about \$4000 to employees whose suggestions have been adopted by the board.

Red Tape Lifted for Diesel Cars

Owners of diesel powered cars have been relieved of the requirement of filing user reports by passage of Assembly Bill 2167.

Richard Nevins, Fourth District member of the State Board of Equalization, stated operators of pleasure cars using diesel fuel or liquefied petroleum gases, such as propane or butane, after Sept. 15, 1961, will no longer be required to file Use Fuel Tax reports with the Board of Equalization.

However, they will still be required to purchase the fuel they use in this state from licensed vendors who deliver the fuel into the fuel tanks of the automobile.

Nevins pointed out that the law still requires the operators of pleasure cars propelled by diesel fuel, butane or propane gas to have Use Fuel permits. Applications for Use Fuel Tax permits can be obtained at any board office or at the dealer's showroom when the automobile is being purchased.

No permit fees are required for a Use Fuel permit. This assembly bill is now chapter 451 of the Revenue Laws of California.

Airport Board Due To Hear Fire Chief

Arrangements for the new airport fire station will be discussed before members of the Airport Commission at 8 o'clock by Fire Chief J. J. Benner. The meeting will be held in the council chambers of the city hall.
